## DETAILED ACTION

### *Response to Arguments*

1. Applicant's amendment, filed 10/21/05 has been fully considered and is persuasive. Therefore, the rejection has been withdrawn.

### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 24, 26, 27, and 30-33 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by KURTEV (Communications SYNTHESIS, February 1975, pages 106-108).

Kurteve discloses compounds that read on the claims<sup>1</sup>. The compounds themselves read on pharmaceutical compositions. For examples Kurtev disclosed the following compound:

***Allowable Subject Matter***

4. Claims 35-38 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
